Project: The Square at Crystal falls
Bid due: August 29th, 2024
Bid time: 12pm

Scope Clarification

1. Subcontractors are responsible for all trenching, installing conduit, purchasing and installing the primary enclosures, and building the transformer pads.
2. PEC will install the primary wire, transformers, and make all primary connections.
3. The secondary wire from the transformers to the buildings will be the subcontractor's responsibility as well.
